AMERICAN manufacturers have the difficulty of filling orders now instead of finding them, as before the date of the Payne Law.—Buffalo Evening News.

NOWADAYS, when the "higher up Courts" render decisions, it generally requires 'steen weeks and eleven lawyers and a few clerks to figure out just what the honorable Court meant and whether the plaintiff wins or the defendant loses. It is one of the serious funny things of human life, the ridiculous jargon in which learned Judges phrase their legal opinions. Why can't a Court say tersely and succinctly, and in plain English, at first, as a preface, just who wins, JOHN SMITH, the plaintiff, or BILL JONES, the defendant? That's what the great common people want to know. And then "the honorable Court" could go into all the details of the case and grind out reams of legal lore to suit those who, learned in the law, take pleasure in deciphering all the intricate terms and quibbles of the greatest science in the world.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Free If It Fails Your Money Back if You Are Not Satisfied With the Medicine I Recommend

I am so positive that my remedy will permanently relieve constipation, no matter how chronic it may be, that I offer to furnish the medicine at my expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. As an active agent it possesses the valuable qualities of the best known intestinal tonics as well as being particularly pleasant and prompt in its results.

I want you to try Rexall Orderlies on my recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages, 12 tablets, 10 cents; 36 tablets 25 cents. Sold in Mayville only at my store—The Rexall Store. Thos. J. Chenoweth.

Over \$80,000 in Famous Marshall Case is the Decision of Judge Harbeson

At Flemingsburg yesterday, Judge Harbeson rendered his decision in the Fleming Circuit Court in the case of J. P. Taylor et al, creditors of R. T. Marshall, deceased, against the Union Trust Company of Maysville, under the Act of 1856, seeking to set aside certain mortgages made by R. T. Marshall during his lifetime, alleging that they were preferences. The Court rendered judgment for \$80,000 against the following defendants:

He set aside the mortgage to the Union Trust Company to the extent of \$36,000 and held that a collateral amounting to about \$3,000 was also a preference.

He ordered the following paid back into Court as preferences:

Mrs. Mary R. Wells, \$6,000; J. N. Kirk, \$2,000; Mrs. Martha Bramble, \$1,500; W. F. Taylor, \$2,000; Union Trust Company, Maysville, \$16,500; First National Bank, Maysville, \$10,000, and Logan and John Marshall, \$3,000.

R. T. Marshall, during his lifetime, was one of the largest land owners in Fleming county and was supposed by some to be one of the wealthiest citizens in the county. He died on the night of May 6th, 1907, immediately after executing the mortgage to the Union Trust Company.

ALCOHOL IN MEDICINE

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 15% to 22%, which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains 25% to 50%.

Such standard preparations as Lydia E. Pinkham's Vegetable Compound contain but 18%, and they even put the Compound in tablet form, which the over-scrupulous woman, who objects to alcohol in any degree, may use.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste and you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their only family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

"LIL' NEMO."

We saw "Little Nemo," and it was very little from our viewpoint, and our disappointment was as great as the show promised to be. While the costumes and stage settings were beautifully gorgeous, the girls pretty and the music catchy, yet taken as a whole the ensemble fell far short of being up to expectations and lacked upwards of considerable of being, as claimed, the most spectacular and the greatest show ever staged. Master Gabriel, as "Little Nemo," was exceptionally o. k., as were several of the comedians, but there was a chestnutty flavor to a big part of three acts. Master Gabriel is a diminutive man of 50 pounds, and as the bright particular star of the occasion he more than made good. He is cute—very cute, but oh, you kid, you did, you did, your very best to lift the lid and make us all enjoy a partly merry show. The kid is alright, but the playwright man hasn't lived up to "Little Nemo's Dream of Wonderland" and all the pipe visions promised an expectant public.

Fire at the Home of Rev. B. F. Chatham in West Second Street

Wednesday Mr. Lowry Orr, in passing the residence of Rev. B. F. Chatham in West Second street, his attention was attracted to volumes of smoke issuing from the first floor apartments. On entering the hallway he discovered an incipient fire under way in the parlor, and had not his timely arrival been so opportune, there is no telling what might have been the consequence.

The grate had been stopped up with paper and a spark from above had fallen down the chimney and ignited the inflammable material. A large, fancy pillow, lying on the hearth, was also burning, and at the moment everything was favorable for a first-class fire.

Mr. Orr managed to throw the burning pillow into the street without hurt to himself or any great danger to the surroundings. The family was up stairs and was not cognizant of their peril until the danger had passed.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Maysville citizens testify to this. Here is a case of it:

Mrs. Nathan A. Hafer, Maysville, Ky., says: "My opinion of Doan's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by backache, during which time I tried various remedies without obtaining beneficial results. There was a constant dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning felt very tired. My husband advised me to give Doan's Kidney Pills a trial, and I procured a box at J. J. Wood & Son's Drugstore. They proved very beneficial in my case and in a short time cured me."
